

## DROP-IN POLICY

Teams are encouraged to take advantage of our drop-in policy. Rules of the drop-in policy are:

- A player who wishes to play, must register with the team that they are wanting to drop-in for by completing the drop-in form online and completing the online waiver. The drop-in player will need the team's drop-in pin code provided to the team representative at the beginning of the season. The drop in fee is \$15.00 per game.
- Completion of the drop-in form, completion of the online waiver and payment of the \$15.00 dropin fee is only **MUST** be done online. We do not accept cash for payment of the \$15.00 drop-in fee.
- A team can use a maximum of 3 drop-in players for a game, and there is no minimum roster number that a team is required to have in order to use drop in players (for example, if a team already has enough to field a team for a game, or even more than enough to field a team, they are still able to take advantage of the drop-in policy and have a maximum number of 3 drop-ins for that game).
- There is no maximum number of games that a team can take advantage of the drop-in policy.
- A drop in player can play for one or more games during the week of play as long as they complete the drop in form, complete the online waiver and pay the \$15.00 fee for **EACH** game they wish to play in. In the event the drop in player does not complete the drop in form or complete, online waiver or pay the \$15.00 fee for a game, the player will be deemed unregistered, and the team will be fined accordingly.
- A player who is registered in the league is able to drop in for another team as long as the team they are dropping in for is in a higher division than their own. A player registered in the league is not allowed to drop in for a team in the same division as their own, or in a division lower than their own.
- The drop-in policy excludes goalkeepers and female players. A goalie or female player, who is registered to any team in the North Shore Indoor Soccer League, can play in any game for any team and is not considered a drop-in player.
- A female player that is registered with a team in the league may choose to pay the drop in fee to play with another team. If the female player chooses to do this, she will be considered a drop-in player for that team, for that game.
- If a drop-in player has played with the same team three or more times in the season, they are able to be used as a drop-in during playoffs. During playoffs only, the drop-in player will not be required to complete the drop-in form online, complete the online waiver or pay the \$15.00 drop-in fee.
