

NORTH SHORE GIRLS SOCCER CLUB

UPDATED: FEBRUARY 2024

POLICY

IMAGE USE POLICY for ALL NSGSC PROGRAMS

NSGSC collects, keeps, uses and shares photographs, videos images, and/or first names of players in a variety of NSGSC publications such as websites, newsletters, electronic and print flyers and/or leaflets, signage, as well as in news media coverage of NSGSC activities, with limited or public access.

As part of our annual registration, each member must acknowledge an approval waiver to confirm consent for NSGSC to collect, use and share your/your child's first name and/or image for purposes consistent with those described above. Members understand that images and information posted on the internet may be stored and accessed outside Canada and subject to distribution beyond the club's control.

This consent may be withdrawn at any time in writing, but withdrawal of consent does not require NSGSC to take any steps to withdraw from the publication of any previously published material.
